

**FOR IMMEDIATE RELEASE**

**HATTERAS NETWORKS ADDS TO EXECUTIVE TEAM WITH KEY  
OPERATIONS APPOINTMENT**

*Hatteras Networks appoints manufacturing veteran as Vice President of Operations*

RESEARCH TRIANGLE PARK, N.C., SEPTEMBER 18, 2006 – Hatteras Networks, the Mid-Band Ethernet services specialist, today announced the appointment of Barry Shapiro as Vice President of Operations. In this role, Mr. Shapiro will be responsible for global manufacturing and operations, a key position as Service Providers ramp Hatteras Networks’ product deployments worldwide.

“Hatteras is at an exciting point in its manufacturing and operations development. With our recent European expansion, the BellSouth Mid-Band Ethernet service launch last month, and volume product deployments now on four continents, Barry’s knowledge and extensive experience in subcontract manufacturing management and operations will be key to managing and scaling our manufacturing capacity to meet customer demand,” said Kevin Sheehan, president and CEO for Hatteras Networks. “Barry is a dynamic, results driven, hands-on manufacturing and operations professional with a proven track record of managing success in diverse domestic and international, multi-site manufacturing environments. We will look to Barry to scale our operations to serve our global customer base.”

Prior to joining Hatteras Networks, Mr. Shapiro was general manager at Celestica North Carolina, where he was responsible for a tier 1 contract manufacturing facility with geographic representation for the southeastern U.S. In this role he led the organization to a doubling of year-to-year revenue, while achieving high ratings for customer loyalty and product delivery.

Prior to Celestica, Mr. Shapiro was director of manufacturing at Motion Media Technology Inc., in Wilmington, N.C., and director of manufacturing for EMC<sup>2</sup> / Data General Corp., in Apex, N.C., among other positions.

Mr. Shapiro received a Bachelor of Science degree in Industrial Engineering and Operations Research from the University of Massachusetts at Amherst, and a Master of Business Administration degree from Boston College.

### **About Hatteras Networks**

Hatteras Networks, a privately held company headquartered in Research Triangle Park, N.C., offers carrier solutions to extend the Ethernet Service Edge for Mid-Band Ethernet services to businesses, mobile wireless cell sites and remote DSLAMs that are not served with fiber.
