

**For Immediate Release**

**HATTERAS NETWORKS HN6100 LAUDED AS TMC  
“2009 COMMUNICATIONS SOLUTIONS PRODUCT OF THE YEAR”**

*Innovative multi-service platform hailed for remarkable product design, outstanding reliability, and measurable ROI, wins 6<sup>th</sup> overall award since product launch*

**RESEARCH TRIANGLE PARK, NC, JULY 06, 2010** – Hatteras Networks today announced that its next-generation HN6100 platform has received the 2009 Communications Solutions Product of the Year Award from Technology Marketing Corporation (TMC). The award is the latest in a string of honors garnered by the unique multi-service solution.

“Hatteras Networks has been recognized with a 2009 Product of the Year Award for their extraordinary achievements in advancing voice, data and video communications,” said Rich Tehrani, CEO, TMC. “The HN6100 has delivered tangible benefits and measurable ROI for those enterprises which have deployed this pioneering technology. TMC offers its congratulations to the entire Hatteras team, and we look forward to seeing more innovative solutions from them in the coming year.”

The HN6100 is a modular, multi-service platform designed to enable carriers to offer any service, over any media from one compact, ultra-dense chassis. The 40 Gbps, two-rack-unit provides unique, simple and flexible support for the complete range of Ethernet business services and mobile backhaul in a pay-as-you-grow platform.

“The HN6100 provides an Ethernet access evolution path and conduit to immediate ROI for carrier customers worldwide,” said M. Vijay Raman, VP of Marketing and Product Line Management, Hatteras Networks. “This scalable platform enables a carrier to simplify network configurations, integrate management and reduce its number of vendors when deploying Ethernet services over any physical media.” “This is our 9<sup>th</sup> recognition for the HN6100 as a winner or finalist demonstrating a strong market acceptance for the technology.

The Communications Solutions Product of the Year Award recognizes the vision, leadership, and thoroughness that are characteristics of the prestigious award. The most innovative products and services brought to the market from March 2008 through March 2009 were chosen as winners of the Communications Solutions Product of the Year Award.

The complete list of 2009 Communications Solutions Product of the Year Award winners have been published online at the *INTERNET TELEPHONY* (<http://www.tmcnet.com/voip>) and *Customer Interaction Solutions* (<http://www.tmcnet.com/call-center/Default.aspx>) websites.

#### **About Hatteras Networks**

Hatteras Networks is redefining the way carriers think about Ethernet services. Hatteras Networks' Carrier Ethernet service delivery solutions are leading service providers worldwide to a significant expansion of the Metro Ethernet market, which had previously been limited by legacy technologies in the access network. Now service providers are empowered to cost-effectively offer 100 Mbps Ethernet services over existing facilities, enabling businesses to migrate from legacy networks to transparent Ethernet services for voice and data business connectivity, infrastructure backhaul and mobile wireless backhaul solutions via copper and fiber.
